Richard Gambier  
Marlborough School  
Ferndale Road  
FALMOUTH  
TR11 4HU

Dear Richard

**Re: Healthy Schools Award**

Your school recently submitted evidence and a case study to be considered for the Healthy Schools Award.

We are delighted to let you know that the panel of Jane Black (Head of Learning and Achievement, Cornwall Council) and Dr Caroline Court (Interim Director of Public Health, Cornwall Council) have approved your submission.

We are therefore able to confirm that you have achieved Healthy Schools Status for 2017 - 2019. This recognises the hard work and dedication that you and your team have demonstrated in supporting the wellbeing of your school community.

Jane and Caroline commented:

“Three gold stars! The ethos of this school is evident throughout this case study, and the voice of the child is written all over it! The collaboration between child, family and school is a perfect demonstration of how important participation is towards teaching and learning. Fantastic work!”

Congratulations! This award is thoroughly well deserved. We will be in touch again soon about arrangements for you to receive your plaque.

Best wishes to you all.

Yours sincerely

*Paula*
