

## Extra curriculum school clubs Spring 2018

A range of extra curriculum clubs are offered before, during and after school, some by teaching and non-teaching staff and parents voluntarily and others by private providers. Marlborough's clubs have been created to give the children the opportunity to learn new skills and if they enjoy the club they can apply to join again at the beginning of each term by asking for a permission form from the school office. All clubs are provided throughout the term except where specified.

**Please ask for a consent form at the school office. Many of the after school clubs have limited places and consent forms are issued on a first come, first served basis.**

These clubs are not a child minding provision and children should join the club because they are interested. If you do require child-minding please ask at the school for information.

We would prefer children not to bring snacks to these clubs, as the time spent consuming them does eat into the time available for the activity. May we remind parents that children need to bring healthy snacks to school – chocolate bars and sweets do not meet the national school food standards we follow. May we also ask that you avoid sending the children in with nuts, as there are several children with severe nut allergies within the school. *Thank you*
