## An Lester Trumach - The Packet Ship

Dear Parents and Carers,

It was lovely to see some sunshine this week reminding us that spring is in full flow and summer is on its way! Last week was **National Science Week** and Mrs Prason set up experiments in the hall to get everyone thinking scientifically. The results should also get the children thinking about keeping their hands clean and brushing their teeth! As the theme this year is **Time**, the children have also been given the challenge of seeing who can do the most movements in a minute. So far, we have people doing 101 star-jumps, 96 keepy-uppies, 164 high fives and more. How many things can you do in a minute? What's the fastest thing you can do? Maybe you can have a mini family challenge along the way. Send your results in to the office!
