An Lester Trumach - The Packet Ship

Dear Parents

Our school gardens have survived the winter, but with a new season ahead, it's clear that the planters outside the main entrance are showing their age. If you have a few woodworking skills and a little time, it would be great to bring some colour back to this area as soon as possible. Please let Sam Shears know through the office. Sam would also appreciate some help from any parents able to come along and work with the club gardeners. It is great fun but obviously quite a task to keep an eye on all the children for just one adult t!
